

## Important Travel Update: Planned Trackwork This Weekend

**Travelling to Spring Cycle this Sunday 11 October? Please plan your journey ahead of time.**

We are looking forward to welcoming riders to Spring Cycle this Sunday!

We have been working closely with Transport for NSW to identify alternative travel options and provide practical guidance to help you plan your journey.

Due to planned trackwork across parts of the Sydney Trains and NSW TrainLink network, this may affect how some participants travel to the event and return home afterwards, particularly those travelling from the South Coast, Illawarra, Blue Mountains and Western Sydney.

**Important: Bicycles are not permitted on rail replacement buses.** If your usual train service is affected, please consider an alternative train route or travelling to an unaffected station.

### Which train lines are affected?

Planned trackwork will take place on **Saturday 10 and Sunday 11 October**, including:

- **Parramatta to Olympic Park:** Planned train disruptions between these stations.
- **T4 Eastern Suburbs & Illawarra Line:** Trackwork between Cronulla, Waterfall and Central, and between Central and Bondi Junction.
- **South Coast Line:** Trackwork between Dapto, Port Kembla and Central.

### Important information when planning your journey

**Please allow additional travel time and check your journey before leaving home.**

The Trip Planner links below have been provided by Transport for NSW and are based on example arrival and departure times:

- **Getting to Spring Cycle:** Arriving at approximately 6:30am.
- **Returning from the 50km Classic Ride:** Departing at approximately 2pm.

These are suggested journeys only. Please adjust the travel times to suit your individual plans, particularly if you need to arrive earlier for your ride.

**Remember that the 50km Classic Ride starts at 6:30am and the 10km City Ride starts at 8:00am.** Please allow enough time to arrive at St Leonards Park, prepare your bike and get ready for your ride.

If you are driving to a station, we also recommend checking parking availability and any restrictions before travelling.

### **Travelling from the South Coast or Illawarra?**

Transport for NSW recommends considering driving to a station along the **T8 Airport & South Line**, such as Revesby, and continuing your journey by train.

### **Getting to the Spring Cycle start**

Travel from Revesby towards Central, then change for a train towards St Leonards.

[View Trip Planner: Revesby to St Leonards – Arrive by 6:30am](#)

Riders may also be able to board at other stations along the T8 line, depending on their location.

### **Returning home after the 50km Classic Ride**

For riders finishing at Parramatta Park, Transport for NSW has provided the following options:

- [Parramatta to Revesby – Depart 2pm](#)
- [Sydney Olympic Park to Revesby – Depart 2pm](#)

If travelling from Parramatta or Westmead, you can also consider travelling towards Glenfield and changing for a T8 service towards Revesby.

### **Travelling from the Blue Mountains or Western Sydney?**

Transport for NSW has recommended several options for riders travelling from these areas.

### **Getting to the Spring Cycle start**

#### **Option 1: Drive to Sydney Olympic Park**

Consider driving and parking at Sydney Olympic Park, then continuing your journey by train towards St Leonards.

[View Trip Planner: Sydney Olympic Park to St Leonards – Arrive by 6:30am](#)

## **Option 2: Travel via Blacktown**

Riders travelling from the Blue Mountains can consider travelling to Blacktown and connecting with available train services towards St Leonards.

[View Trip Planner: Blacktown to St Leonards – Arrive by 6:30am](#)

Transport for NSW has also suggested travelling from Blacktown towards Parramatta, cycling approximately 30 minutes to Sydney Olympic Park, and connecting with trains towards North Sydney as another possible option.

## **Returning home after the 50km Classic Ride**

For riders finishing at Parramatta Park, the following return journey options have been provided by Transport for NSW:

- [Parramatta to the Blue Mountains – Depart 2pm](#)
- [Sydney Olympic Park to the Blue Mountains – Depart 2pm](#)
- [Parramatta to Blacktown – Depart 2pm](#)
- [Sydney Olympic Park to Blacktown – Depart 2pm](#)

From Blacktown, riders can connect with available Blue Mountains Line services for their onward journey.

For the latest travel updates, please visit the [Transport for NSW Spring Cycle travel information page](#).

We sincerely apologise for the inconvenience these disruptions may cause and appreciate your patience and understanding.

There is plenty to look forward to at Spring Cycle this Sunday, with food and coffee available at the Start Festival at St Leonards Park before riders set off.

After completing your ride, the celebrations will continue at the Finish Festivals at Pirrama Park and Parramatta Park, with food, refreshments and entertainment for riders, family and friends to enjoy.

We look forward to welcoming you to Spring Cycle 2026 and hope you enjoy a fantastic day!
